Thanks for this, [REDACTED]. I have also reached out to our Assemblyman, Anthony Portantino.

AB516/CF19-0002-S50 does nothing to help with the homeless situation as it just encourages more people to live in alternate locations and enables the poor decisions that put them there in the first place. It places our homes, schools, transportation corridors at risk and will definitely impact how people shop, live and travel in our town.

Monica, thank you in advance for your consideration.

Couldn't agree more, Rock. We can't have Sunland-Tujunga be like the Wild West with regards to super lax parking restrictions around town. Let's clean up our streets and continue to do good in the neighborhood!

Thank you for sending.

Best,

-Oscar

Dear Councilwoman Rodriguez, I strongly appose AB516/ CF19-0002-S50 and hope that you and the City Council will join us and appose this Assembly Bill.

Should this pass, it will under mind the private home owners of our rights and once again tie the hands of our LAPD in doing their jobs. Please join me and make a strong statement to our State Assembly that this bill must not be approved.

Please let me know your position and thoughts on the matter?
